The purpose of this document is to provide guidance as to what materials may be donated to
the Buddhist Churches of America (BCA) Collection held by the University of California, Los
Angeles (UCLA). Once gifted, the ownership of the donations transfers to UCLA.

The BCA Collection captures the history of the BCA and affords global exposure of the Buddhist
experience in the United States. The university has expressed a strong interest in making the
BCA Collection a living collection, that is, to continuously add new materials to reflect the
ongoing legacy of the BCA.

Written/electronic documents are of particular interest to UCLA, due to the limited storage
capacity of the library system. In special circumstances, other historical materials may be
considered, based on the value to enrich the understanding of the BCA legacy.

Examples of archival materials included in this guideline, but not limited to are as follows:

1. Publications such as Wheel of Dharma, BCA Connect, BCA Update, temple newsletters
2. Specific event notifications, flyers, commemorative publications (e.g. anniversary,
   conference books/programs)
3. BCA Annual Reports, National Council Meeting and National Board Reports
4. Public policy statements/releases
5. Audio visual and digital media materials, including gathas, dharma talks, event
   recordings, other recorded formats
6. Photographs or digital copies thereof
7. Communications with Hongwanji-ha, Overseas Fellowships, BCA Districts, Temples,
   Members
